

EARN "BRING A FRIEND" PATCH

Girl Scouts may earn the "BRING A FRIEND" patch by inviting a new girl to join her troop. Once a girl has registered her new friend in the troop, she may return the attached form for her FREE patch. For each additional friend they register for their troop, they will receive the "Bring A Friend" star to go along with their patch.

To receive your patch, fill out the form below and return it along with your friend's registration form and the \$10 registration fee to your leader. Your patch will be sent to you once the service center receives the registration form and fee, and the attached request form.
